The federal policy is a heresy in the estimate of our National Rulers, and obnoxious, if not to legal penalties, to their severe animadversion. It would be no small gratification of curiosity to trace the analogy between these reputed heresies and their opposites. The reader will a o it, if he please, in his own mind. Christianity is but a development, or farther exposition, and execution, of the religion contained in the Old Testament Scriptures. Judaism, which entirely excluded the doctrine of a Saviour, and which consisted in a course of external observances, founded principally in a traditionary law, of mere human authority, was a corruption of that religion, and the real heresy. Hence, for the defence of Christianity, the Apostles constantly appealed, when they had before them Jewish auditors, to the Law, and the Prophets; and it was a leading object with them to subvert Judaism as the grand obstacle to the progress of the Gospel.
