Do you get an ISBN? Ask your cousin to read it? Hire someone to sketch a cover? Before you spend a ridiculous amount of time, energy, and money trying to figure out the next steps, you must read this book! There s a ton of information about independent e-publishing on the Internet. It can be hard to separate the junk from the gems and even more difficult to know whom to trust. Let s face it: many people/companies will share just enough free information to convince us to sign up for an UNfree service. Not so here! The 21-Day Publishing Plan is a straightforward, no-nonsense plan for learning the industry, contracting with professionals, preparing your manuscript for publishing, and setting up your book s promotional plan. Written by a full-time novelist who has experienced success as a traditionally and independently published writer, this book gives insider tips through the eyes of one who has weighed the options and seen the best of both words. With Michelle Stimpson s tried and true plan, you ll go from first draft to first sale in three weeks or less!.
