Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Map Geography, Vol. 1: A Course of Study and Teachers Manual This is the first of a series of bulletins on the subject of Geography to be gotten out by the Chico State Normal School. This series has been prepared for distribution after numerous and urgent requests have been received asking for such a work. These requests have come directly from the teachers of the State and indicate a want that has not been supplied. Part I consists of methods and devices for the systematic teaching of Map Geography. While it may be used independently, it is designed to accompany others that are to follow and forms an integral part of the Course of Study in Geography as set forth in the entire series. Part II, Journey Geography for Beginners, is based primarily upon eighty-five tersely stated topics intimately interwoven with Map Geography as presented in Part I, so that together they will leave a vivid impression of the region studied, together with some of the most important facts about it. References to supplementary books have been so arranged that the teacher will be able to give the course from them. At the same time she will have material left to assign as seat work following each portion of the journey covering the parts of the earth that are best known by people in the world at large. Such localities as we see mentioned in the newspapers; such localities...
