Reviews

It is great and fantastic. I actually have read and so i am certain that i am going to going to go through once again yet again in the future. I realized this ebook from my dad and i encouraged this book to find out.

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Excerpt from Foundry Cost Accounting, Practice and Procedure Several excellent books have been written within the past ten years on the subject of cost accounting; and while the principles have been set forth more or less clearly and may be said to be of general application, yet the cost accountant with limited experience ordinarily has difficulty in applying them to a particular industry. There arc many industries that are peculiarly different and where it is difficult and sometimes impracticable to apply the conventional cost accounting principles and procedure. This is particularly true in the foundry industry. In this volume, therefore, the aim has been: - (1) To set forth in a simple and direct manner, for the guidance of the foundry cost accountant, practical principles of accounting that are applicable to the foundry industry, and to show methods of collecting the cost data and of accurately determining production costs. (2) To impress upon the executive and the management the importance of an accurate knowledge of costs and the dangers of a price policy that is not founded on production costs. No attempt has been made to present all that might be said on the subject of foundrycosts. On the contrary, the aimhas been, whileomitting no essential details, to be brief and concise and toreduce to a minimum the descriptio essential to a clear presentation of the principles. Every principle of cost accounting set forth herein is not only applicable to foundry practice but is being used in a thoroughly practicable manner and is giving satisfactory results. It is not claimed that the procedure outlined is exactly suitable to all foundries. About the Publisher Forgotten Books publishes hundreds of...
