Hands-On Earth Science Activities for Grades K-6 (2nd edition)

By Marvin N. Tolman

John Wiley & Sons Inc. Paperback. Book Condition: new. BRAND NEW, Hands-On Earth Science Activities for Grades K-6 (2nd edition), Marvin N. Tolman, This is the second edition of Marvin N. Tolman's bestselling book Hands-On Earth Science Activities for Grades K-6. Like all the books in The Science Problem-Solving Curriculum Library series, this revised edition offers compelling activities that help teach students thinking and reasoning skills along with basic science concepts and facts. The book's activities follow the discovery/inquiry approach and encourage students to analyze, synthesize, and infer based on their own hands-on experiences. This new edition includes an expanded Teacher Information section, inquiry-based models, and complex cooperative learning projects using materials found around the home. Many of the activities easily become great science fair ideas as well as activities that correlate with the national standards. Designed to be user friendly, the book includes easy-to-use, hands on activities and is organized into eight sections: Air Water Weather The Earth Ecology Above the Earth Beyond the Earth Current Electricity.

This book is definitely not simple to begin on studying but quite fun to see. I actually have read and that i am sure that i will gonna read through yet again once again in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.
