These plans and many others can be furnished to you complete, at a low cost, together with specifications, contracts and information. We realize that it is impossible to include in a book of this size plans that will fulfil all requirements, but we have endeavored to include a wide range of houses of modest size. If your requirements are not covered, we trust that you will let us hear from you, for we can put you in touch with those who can supply you with what you want. Several interesting articles, written especially for this book, deal with the various problems that confront the home-builder and should prove of help and value.
